Re: World Trade Center - Spray-On Fireproofing

Dear Dr. Selikoff:

I am most disappointed that, through a misunderstanding, the meeting we wished to set up during the week of March 23rd cannot be conveniently arranged. Your suggestion that we proceed directly with Johns-Manville, without your participation, was most thoughtful. However, since both the Port Authority and Tishman agree that your advice and guidance in this matter is essential, we prefer not to meet directly with Johns-Manville but rather to postpone our meeting and suggest a new date for a meeting that hopefully will be more convenient for you. May I suggest 10:00 AM on Tuesday, April 7th, in our offices at 30 Church Street? If this is not convenient, we suggest an alternate of 10:00 AM on Wednesday, April 8th. Please let us know of your preference.

Very truly yours,

James R. Endler
Vice President
